

EUROPEAN MULTIDISCIPLINARY
POSTGRADUATE COURSE
ON PITUITARY TUMORS

ENDORSED AND ORGANIZED
WITH THE SUPPORT OF ESE.

THIS EDUCATIONAL
ACTIVITY IS SPONSORED
BY IPSEN

This event will gather 25 young doctors in Endocrinology, Neurosurgery and Pathology from countries across Europe

Europit is a unique course in Europe.

It is a multidisciplinary programme, including Pathologists, Neurosurgeons and Endocrinologists from countries all across Europe, that aims to provide a comprehensive perspective on the management of Pituitary disorders.

OBJECTIVES:

> EDUCATE:

Provide a foundation in the diagnosis and management of pituitary disorders for young doctors

> NETWORK:

Create a sense of community around future doctors who will be managing pituitary disorders in Europe

> MULTIDISCIPLINARY PROGRAM:

Endocrinologists, Neurosurgeons and Pathologists spend three days together

> BROAD COURSE ON THE MANAGEMENT OF PITUITARY DISORDERS:

Pathology, investigation, treatment options and the development of optimised care in the future

Apply And Become A Real Pituitary Expert!

European Multidisciplinary Course Of Pituitary Tumors is independently organised by the EUROPIT Scientific Committee

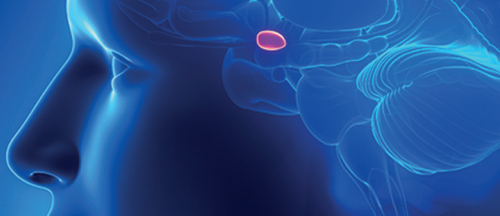

(J. Trouillas, M. Buchfelder, M. Korbonits, E. Jouanneau, G. Raverot, and C. Strasburger).
