Reporting

The Industry Partnership Board (IPB) reports to the ESE Executive Committee through the Chair.

Meetings

At least two meetings per year.

The IPB will meet usually twice per year: 1 day meeting in autumn and 1 update meeting at ECE.

Remit

1. To discuss issues of common interest and suggest and find solutions for identified challenges. Areas of common interest may relate to general educational efforts, disease awareness building efforts, stakeholder strategies, policy related initiatives, society and partner interactions, positioning of endocrinology in Europe.
2. To provide a forum to discuss ESE strategy, upcoming activities and opportunities.
3. To improve communication and strengthen partnerships between ESE and its Corporate Members.
4. To obtain advice from Corporate Members on industry trends and regulatory changes.

Additional notes

- IPB Committee members represented by Corporate Members are expected to be able to provide expertise, experience and corporate stature to support the remit of the IPB.
- All Committee members need to be paid up members of the European Society of Endocrinology (individual member or Corporate Member).
- Committee members should make every effort to attend all meetings. Any Committee member who does not attend a meeting for a year will be asked to step down, other than in exceptional circumstances.
- The Committee will liaise with other ESE Committees as appropriate.
- All Committee members must act in the best interest of all parties.
- Any potential conflicts of interest should be declared at the start of the meeting or as they arise, and the member concerned should take no part in the discussion.
- The Chair should not serve a second consecutive term of office, unless there are exceptional circumstances identified by the Executive Committee.
