*Chairs: John Bilezikian (New York, USA) & Claudio Marcocci (Pisa, Italy)*

Emerging mechanisms of skeletal and extra skeletal actions of vitamin D  
*Roger Bouillon (Leuven, Belgium)*

Vitamin D supplementation: which regimen?  
*Salvatore Minisola (Rome, Italy)*

Vitamin D beyond bone: impact in obesity and diabetes mellitus  
*Nicola Napoli (Rome, Italy)*

Discussion  
*All*

Chair closing  
*Claudio Marcocci (Pisa, Italy)*

**Monday 23 May 2022, 13:30–14:30**

SPACE 3

### **Sharing expert insights: Managing challenging cases of Cushing's syndrome**

*Chair: John Newell-Price (Sheffield, UK)*

Welcome and introductions  
*John Newell-Price (Sheffield, UK)*

Obtaining long-term control of a mild Cushing's case  
*Irina Bancos (Mayo Clinic Rochester, USA)*

An unusual case of ectopic ACTH syndrome  
*John Newell-Price (Sheffield, UK)*

Managing a severe Cushing's syndrome case with combination therapy  
*Antoine Tabarin (Bordeaux, France)*

Q&A session & meeting close  
*All faculty, led by John Newell-Price*

**Monday 23 May 2022, 16:20–17:20**

SPACE 1

### **Overcoming common challenges encountered in the diagnosis of rare bone diseases**

*Chair: Richard Keen (London, UK)*

Intro and challenges in FOP  
*Richard Keen (London, UK)*

Challenges in FGF23-related hypophosphataemic rickets/osteomalacia  
*Maria Luisa Brandi (Florence, Italy)*

Challenges in HPP  
*Lothar Seefried (Würzburg, Germany)*
