

JOINT MEETING 2023 ALDOSTERONE & MINERALOCORTICOID RECEPTOR

MARCH 24-25, 2023
FREIBURG, GERMANY

**Registration &
Abstract submission**
by February 15, 2023

Venue
University of Freiburg
Otto-Krayer-Haus
Albertstr. 25 | 79104 Freiburg, GER

Organization
PD Dr. A. Lother, Freiburg, GER
Prof. Dr. J. Bauersachs, Hannover, GER

Coverfoto (c) FWTM Schoenen

<http://meeting.admire-network.org>

Friday, March 24

12:30 – 2:00 pm | Registration, get together & poster set-up

2:00 – 3:30 pm | Session on Basic Science

C Grossmann, Halle, GER
Regulation of MR signaling and transcriptional activity
H Uhlenhaut, Munich, GER
Chromatin interactions of corticosteroid receptors
Talks from abstracts

3:30 – 4:30 pm | Keynote Lecture

F Jaisser, Paris, FR
Aldosterone and MR research
- how to translate basic science into clinical application

Poster session & Coffee break

5:30 – 7:00 pm | Session on Translational Science: New Approaches

MC Zennaro, Paris, FR
From genetics to treatment of primary aldosteronism
S Preissl, Freiburg, GER
Precision medicine in the single cell genomics era
L Brunsveld, Eindhoven, NED
Pharmacological targeting of protein-protein interactions
Talks from abstracts

Meeting Dinner (7:30 pm)

Saturday, March 25

9:00 – 11:00 am | Session on Translational Science: Emerging Fields and Indications

F Behar-Cohen, Paris, FR
Therapeutic targeting of the MR in retinal diseases
K Wingenfeld, Berlin, GER
MR in mental health and disease
Talks from abstracts

Poster session & Coffee break

11:45 am – 12:45 pm | Keynote Lecture

F Zannad, Nancy, FR
MR antagonists in cardiorenal disease

12:45 am – 1:45 pm | Session on Clinical Science: Applications

U Kintscher, Berlin, GER
Pharmacology of non-steroidal MR antagonists
H-J Anders, Munich, GER
MRA or SGLT2 inhibitors - or both?

1:45 – 2:00 pm | Conclusion + Awards session
