__RequestVerificationToken	Session	www.ese-hormones.org	Strictly Necessary	This is an anti-forgery cookie set by web applications built using ASP.NET MVC technologies. It is designed to stop unauthorized posting of content to the website, known as Cross-Site Request Forgery. It holds no information about the user and is destroyed on closing the browser.
ASP.NET_SessionId	Session	www.ese-hormones.org	Strictly Necessary	When a user browses to the website, a unique session ID will be associated with the user to keep track of any information that is stored for that session. This information is stored on the Web Server (known as storing information in session) and is identified via a GUID. The GUID is stored in the Cookie (known as the ASP.NET_SessionID) and is essential for any ASP.NET website to function correctly. If nothing is put in the session however, no cookie will be sent to the browser so this cookie will only be created when it is needed.
